**DETAILED ACTION**

***Allowable Subject Matter***

Claims 1 – 10, 16 – 22 and 33 – 35 are allowed.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 23 - 25 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It appears that the examiner, in the last Office Action (10/06/2006), assumed that claims 20 – 25 depended from claim 19. In Applicant's last Response (01/02/2009), it appears that Applicant also assumed such. However, it appears that only claims 20 – 22 depend from claim 19 while claims 23 – 25 depend from claim 18. If this is so, then there appears to be antecedent basis problems with at least claims 24 and 25. For example, in both claims 24 and 25 "a text to speech operation" should be -- the text to speech operation --.

Applicant should ensure that claims 23 – 25 have the correct dependency and correct any 112 problems with any of the claims.

***Conclusion***
